re: 10-cr-20388

Here comes Qudsiyyah T. Meeks asking for the mercy of this Honorable Court to release my father "Petitioner Isaac Denel Meeks". Due to the difficult times me and my other 13 Siblings are facing during this World Wide Covid-19 outbreak, I know my father broke the law and he also knows, but I ask the court, How much time of punishment is enough? On June 7<sup>th</sup>, 2020 was the 10 year mark of my father being in prison, away from me, I'm now 21 years old. I was 11 years old when my father went to prison, and at this time in my life I need my father here with me, I'm 4 months pregnant and scared to death, I have Chronic Asthma and I've had it all my life, the fact that I could die while giving birth scares me, I hope and pray you see fit to release my father. I know African-Americans are the most prone race to contract and in the worst case die from this Virus the World is facing, Covid-19, I pray this Honorable Court Grant relief to my father Petitioner

Isaac Denel Meeks in the form of  
Compassionate Release.
